WATER OPERATING SECTION FOOTNOTES

Water Operation & Maintenance Expenses (Page W-05)

For values that represent an increase or a decrease when compared to the previous year of greater than 25%, but not less \$5,000, please explain.

Account 650- In 2002 the District repainted the entire water tower and then in 2003 the District discovered that the paint was peeling inside the water tower. The inside of the water tower was blasted and repainted in 2003.

Account 605 - In 2003 there was a significant leak in the well house which required that everything be taken out and put back and valves were replaced.

Account 640 - In the past employee's time was allocated based on a straight percentage, in 2003 it was determined that the percentages were not as accurate as they would have liked them to be so they began to have the employees keep their timesheets in a more detailed form.

Account 652 - There were no significant items in 2003, there were simply more repairs to the services than in the past.

Account 654 - There were two major hydrant leaks in 2003 and the hydrants were painted.

Water Utility Plant in Service -- Plant Financed by Utility or Municipality-- (Page W-08)

The adjustments are to transfer contributed assets to the proper schedule.

Water Utility Plant in Service --Plant Financed by Contributions-- (Page W-10)

If Adjustments for any account are nonzero, please explain.

The adjustments are to transfer the contributed assets to this schedule.

Water Mains (Page W-17)

If Added During Year column total is greater than zero, please explain financing following the criteria listed in the schedule headnote No. 5.

The additions to mains were partially funded through a special assessment, 1,175 feet of 8" main were financed through the Swan Acres extension assessment. The assessment is scheduled to be paid off over a five year period. The special assessment was allocated amongst the property owners by frontage length.

The remaining 8" mains and the 12" mains were financed through various developers. The recorded cost was determined based on the actual cost to the developers.

Water Services (Page W-18)

If net additions are greater than zero, please explain financing by following criteria listed in schedule headnote No. 3.

The services were contributed by property owners in a new extension.
